

[illegible]

Material: P6 (6mm Plate Aluminum)

Hot End Nozzle Centre

All Hole Depths 6mm (Cut Through)

Profile Depth 6mm

2mm Pocket for MagBalls is optional

MagBall Securing alternative: 2.6mmD to Tap M3 4.2mmD Hole for M4 Threaded Balls

Material: P6 (6mm Plate Aluminum)

Hot End Nozzle Centre

All Hole Depths 6mm (Cut Through)

Profile Depth 6mm

2mm Pocket for MagBalls is optional

MagBall Securing alternative: 2.6mmD to Tap M3 4.2mmD Hole for M4 Threaded Balls

Material: P6 (6mm Plate Aluminum)

Hot End Nozzle Centre

All Hole Depths 6mm (Cut Through)

Profile Depth 6mm

2mm Pocket for MagBalls is optional

MagBall Securing alternative: 2.6mmD to Tap M3 4.2mmD Hole for M4 Threaded Balls

Material: P6 (6mm Plate Aluminum)

Hot End Nozzle Centre

All Hole Depths 6mm (Cut Through)

Profile Depth 6mm

2mm Pocket for MagBalls is optional

MagBall Securing alternative: 2.6mmD to Tap M3 4.2mmD Hole for M4 Threaded Balls

Material: P6 (6mm Plate Aluminium)

Hot End Nozzle Centre

All Hole Depths 6mm (Cut Through)

Profile Depth 6mm

2mm Pocket for MagBalls is optional

**MagBall Securing alternative
either 2.6mmD to Tap M3
4.2mmD Hole for M4 Threaded Balls**

The diagram shows a triangular plate with various holes and dimensions. Key features include:

- Holes:** Multiple circular holes are shown, some with diameters like 10.0, 8.0, 7.7, 6.0, 5.0, 4.2, 3.2, 2.6, and 2.5 D.
- Dimensions:** Numerous linear dimensions are provided, such as 75.5, 46.0, 28.1, 32.7, 32.5, 53.5, 66.0, 5.1, 57.6, 5.4, 27.7, 21.0, 18.2, 34.6, 40.1, 30.1, 26.8, 10.3, 46.0, 75.5, and 85.8.
- Annotations:** Specific notes highlight optional features like the "2mm Pocket for MagBalls" and alternative securing methods for MagBalls.
